

Just in Time Vocal Jazz Privacy Policy

We have created this privacy statement in order to demonstrate our firm and continuing commitment to the privacy of personal information. We hold the privacy of your personal information in the highest regard. The following discloses our information gathering and dissemination practices for this website.

We recognizes the importance of protecting your privacy and our policy is designed to assist you in understanding how we collect, use and safeguard the personal information you provide to us and to assist you in making informed decisions when using our site. This policy will be continuously assessed against new technologies, business practices and our customers' needs.

Public Performances and Video Sharing

As part of an ensemble that performs publicly, it is likely that performances will be recorded on audio and video equipment. Recordings are an important learning tool for all musicians and occasionally they will be shared on-line via YouTube, e-mail, or Facebook by Just in Time or by audience members who record the performance. You will not be personally tagged in these recordings; as a result, you will not be "found" in the video by someone doing an Internet search about you personally.

Acquisition or Changes in Ownership

In the event that the Web site (or a substantial portion of its assets) is acquired, your information would be considered part of those assets.

Policy Modifications

We may change this Privacy Policy from time to time. We will post any changes here, so be sure to check back periodically. However, please be assured that if the Privacy Policy changes in the future, we will not use the personal information you have submitted to us under this Privacy Policy in a manner that is materially inconsistent with this Privacy Policy, without your prior consent.
